

Changing the World: Inspiring Hope, Health & Recovery

***Transforming systems at every level
to be about the needs, hopes and dreams
of the people and families with complex needs
who come to our door***

Christie Cline, MD, MBA ccline@ziapartners.com, www.ziapartners.com
Kenneth Minkoff, MD kminkov@aol.com

Who we are

- **Dr. Chris Cline**
- **Judge Steve Leifman**
- **Dr. Kenneth Minkoff**
- **Richard Schwermer**
- **Patti Tobias**

Overview of Our Role

- ❖ **Bringing a national perspective and expertise in system transformation to help maximize the impact of the IBHC Advisory Board and workgroup efforts**
- ❖ **Helping Idaho articulate its vision for a transformed system, and to build on workgroup recommendations to suggest effective ways to achieve that vision**

Idaho's Statewide Vision (as we understand it)

- Every Idahoan with behavioral health needs gets the right help in the right place at the right time:
 - **An ideal crisis system for adults and children statewide**
 - **An ideal diversion system across all the sequential intercepts statewide**
 - **A comprehensive set of accessible and effective adult and child MH/SUD services statewide.**
 - **A comprehensive array of supported housing that meets the diverse needs of individuals with BH conditions**
 - **An effective array of upstream prevention, early intervention, and resiliency building interventions taken to scale in every community**

Implementing Meaningful System Change to Achieve the Vision

- ❖ **What we have learned in Miami and beyond**
- ❖ **Building the structures and processes for system change dynamics at the local, regional, and state levels**
- ❖ **DATA: The importance of using population data for system planning, implementation, and continuous improvement**

BH System Transformation “Tools”

- ❖ **Roadmap to the Ideal Crisis System**

- (www.crisisroadmap.com)

- ❖ Every community has a best practice continuum of crisis services, taken to scale, for all ages

- ❖ **CCBHCs: Statewide implementation with Prospective Payment System**

- ❖ Demonstration and planning grants; CCBHC State-TA Center (S-TAC); Oklahoma example.

CJ-BH and Commitment Transformation “Tools”

- ❖ **Competency to Stand Trial – system change**
- ❖ **Triage and RNR**
- ❖ **Diversion – pre-arrest, post arrest, and beyond**
- ❖ **Civil commitment**
 - ❖ **Model Commitment Law (emergency, inpatient, outpatient)**
 - ❖ **Diversion from CJ system to civil options**

Building the Clinical Continuum for People with Complex Needs

❖ Universal Co-occurring Capability

- ❖ Co-occurring MH/SUD is an expectation
- ❖ CCISC, ASAM 4th Edition

❖ Comprehensive Health Integration (CHI)

- ❖ Co-occurring PH/BH is an expectation
- ❖ NCMW Center of Excellence CHI Framework

❖ Statewide BH Workforce Strategic Planning

Housing and Prevention Transformation “Tools”

❖ Housing Continuum

- ❖ Matching housing options to diverse needs
- ❖ Wet, damp, dry; scattered site and group support
- ❖ Corporation for Supported Housing

❖ Building Healthy Communities

- ❖ Trauma-informed communities
- ❖ Collective impact approaches
- ❖ “Positive School Culture”: End school-to-prison pipeline

Conclusion

❖ **Questions?**

❖ **How can we help further?**

❖ **Thank you!**
